

INDIAN TONERS & DEVELOPERS LTD.

India's Largest Manufacturer and Exporter of Compatible Toners

...since 1992

Indian Toners & Developers Ltd., India's largest manufacturer and exporter of compatible toners for use in laser printers, analogue copiers, digital machines and the new age MFP's have recently celebrated its 30 years in excellence of toner manufacturing.

Indian toners has always focused on quality. Only the best raw materials sourced from world renowned manufacturers are used in the manufacturing of its compatible toners. Toner technology experts from Japan & and chemical engineers from India form the R&D team of the company always innovating to meet the market needs.

ITDL also conducts tests on the compatible toners it manufacturers on different temperature and humidity conditions in its Environmental Test Chamber as per needs of specific customers located in various parts of the world. In all, a total of 44 different quality checks are performed on the product at various stages of production, packaging and testing, before they leave the factory premises. ITDL also follows the STMC (Standardized Test Methods Committee) method of testing.

Indian Toners & Developers Ltd., has recently completed a massive production expansion exercise with the additional 3 new production lines (600 metric tons per annum each). ITDL has expanded its capacity by 50% and the total production capacity of ITDL is 5400 metric tons per annum with 9 state of the art production lines. This expansion has taken place due to the growing demand of ITDL compatible toners in India as well as rest of the world.
