

INDIAN TONERS & DEVELOPERS LTD.

India's Largest Manufacturer and Exporter of Compatible Toners

...since 1992

Indian Toners & Developers Ltd., India's largest manufacturer and exporter of compatible toners for use in laser printers, analogue copiers, digital machines and the new age MFP's have recently celebrated its 30 years in excellence of toner manufacturing.

It is also currently engaged in a project of further enhancing its toner production capacity by 1200 metric tons. A new Hosokawa Alpine line (8th line of 600 metric tons) arriving in January 2023. Installation will be completed and production commence by end March 2023. The 9th line (another 600 metric tons) will be installed and production commence by the end of July 2023. This has also mark the momentous occasion of 30+ years of being in existence and also a market leader in India. With this ITDL will have a total manufacturing capacity of 5400 metric tons per annum with 9 state of the art production lines.

Indian toners has always focused on quality. Only the best raw materials sourced from world renowned manufacturers are used in the manufacturing of its compatible toners. Toner technology experts from Japan & and chemical engineers from India form the R&D team of the company always innovating to meet the market needs.

ITDL also conducts tests on the compatible toners it manufacturers on different temperature and humidity conditions in its Environmental Test Chamber as per needs of specific customers located in various parts of the world. In all, a total of 44 different quality checks are performed on the product at various stages of production, packaging and testing, before they leave the factory premises. ITDL also follows the STMC (Standardized Test Methods Committee) method of testing.
